PROPERTY NEWS – Project Cambio apartment Lofts located in the area of Natural silk, Tangerang, yesterday started construction with groundbreaking procession marked. The apartments developed by PT Graha Beautiful Universe, the collaboration between the ACT Group (Singapore) and PT Jaya Prima Integra consists of 2 tower

Project Coordinator Cambio Lofts Rita Megawati says, this project has the advantage of its strategic location, among others. The reason, Cambio Lofts is within the area of Natural silk and its location opposite the shopping centre, the Living World, the RS Omni and the area offices.

"The surplus further, the concept of different products. With the concept of Apartment lofts of course will provide effective and maximum extents for the occupants. Cambio Lofts have facilities built vertically. That is, it is not centered on one floor, but there are also in some floors," said Rita.

This project stands in acres 1.1 hectares. Of a total of 1,400 units, about 65 percent of them are units with a design loft, and the rest of the apartment is non loft. As for the choice of the type of his own room is divided into three options, namely, one bedroom, two bedroom, and three bedroom.

In addition there is also a penthouse unit 20 has started 80 square meters up to 145 square meters. Meanwhile, the size of the unit, a special unit of the non loft has an area of roughly 34 square meters up to 70 square meters. The current price is Rp 20 million per m2 and has experienced a rise in comparison when it is first launched, namely Rp 18 million per m2.

This apartment concept ' Highrise of Homes ' with loft with efficiency and convenience such as living in the House.

The concept of the Interior gives a broad view in any room and allowing natural ventilation and lighting sunlight into the room. On the 25th floor, this project has an area called the kitchen dining area.

"This facility could be used by the residents for the Cook-Cook and eat together," explained Rita which is the Principal LJ Hooker Gading Serpong.

Next Rita explains, the ACT Group is a well-known developer in Singapore. Already developed projects and ' 30s scattered in some countries other than Singapore, i.e., USA, UK, China and others. Surely it would be more value, as a guarantee of public confidence or consumer.

Since marketed since some time ago, at this time already sold about Lofts Cambio 150-an unit. Today's groundbreaking activities while launching the project apartment Cambio Lofts, targeted construction will be carried out over the past 36 months.

Promo offered today is every purchase multiples of Rp 100 million will get precious metal sweepstakes points worth 5 grams and 10 grams.
